## **"Urban Air Mobility for All" Stakeholder Workshop**

Tuesday 17 May 2022, 13:30 to 16:30

Brussels,

Past event

### **Information / Description:**

To embrace and accelerate developments in UAM, [AURORA](#), along with three other European projects, [AiRMOUR](#), [FF2020](#), and [USEPE](#) are launching a joint workshop to ensure that UAM innovative solutions meet the needs of citizens and stakeholders.

As such, this workshop will be a unique chance to hear from other stakeholders and citizens on their UAM perspectives.

The participation of Brussels citizens is especially welcome for their views on concrete examples in the city.

The **first joint workshop** will be on **Tuesday 17 May 2022** from **13:30-16:30 CEST** at the Polis offices at Rue du Trône 98, 1050 Ixelles, **Brussels**.

We will discuss the following topics:

- What are the benefits of UAM?
- What are the issues this new form of mobility can potentially solve?
- What are the key concerns people have with UAM?

To register see [here](#), and for more information, see the USEPE website [here](#) and POLIS website [here](#).
